

## ATA Professional Development Planner

## ATA Professional Development Planner

This planner is a catalogue of online professional learning resources available to Australian Teacher Aide members.

The planner is updated monthly, and a useful tool to select the resources that will best meet your performance and development needs, or that of your education support staff.

Use the Delivery column to schedule school, team, and individual professional learning, and use the Professional Learning Activity Planner in the Appendix, to select professional learning activities that match your performance and development goals. Both are in writeable pdf format.

All ATA professional learning resources are hyperlinked for easy access, and include:

- a brief description of each video
- the length of the video
- if captions are available
- previews

Use the CPD (Continuous Professional Development) diary in each member's portal, to record completed PD, and download CPD diary entries using the csv function.

Warm regards

The ATA Team

## **Professional Learning Activity Planner**

When setting goals consider school priorities, your job role, areas to improve student learning and wellbeing, as well as your career goals and professional interests. Goals should be specific, measurable, achievable, realistic and have a timeframe. Remember to record your completed professional learning in your CPD Diary.
